

TEXAS SCRAMBLE RULES

Teams of 3 players receive a handicap as calculated by the computer (30% of the low man, 20% of the middle and 10% of the high man).

All players tee off at all holes. The team then selects the drive to be used and this should be marked with a tee peg (not nearer the hole). The player whose ball is selected plays first then the other players play from within six inches of the tee peg (not nearer the hole) in any order. A minimum of FOUR tee shots for each player must be used, 1 of which must be at a par 3 or par 5. The player whose drive is used must be indicated by marking the appropriate letter in the column marked "Total" on the scorecard. **NB Balls may be placed thru he green but must be dropped in a penalty area including bunkers.**

The above-method of play is followed until the green is reached. On the green the same method applies. The ball chosen is marked and all players putt from that spot again the owner of the chosen ball plays first. Each player marks the ball after putting and play continues from each chosen position until the ball is holed. The score for that hole is the number of shots from the chosen spots including the tee shot. If a player putts and misses but then knocks the ball into the hole, that score counts.

Players must have a current HCI and the course handicaps must be recorded on the card.
